

MIDDLETOWN TOWNSHIP FIRE DEPARTMENT
TRAINING ACADEMY
SUBSCRIPTION SERVICE PROGRAM

For volunteer organizations the most valuable thing a member has to offer is their time. Company Officers often struggle to keep their Firefighters motivated to train. The idea well runs dry and time is wasted come drill night. Our staff understands the importance of receiving quality training and getting the most out your members during the time they have to give.

This year the Training Academy is pleased to present a new idea and provide the highest level of service to your Company or Department. Allow our highly qualified staff to provide your training and reduce the burden on your Officers.

We have designed a series of packages to meet the needs of any Company or Department and keep your training costs down. By subscribing to the Training Academy you can secure the level of training you desire for one (1) fee. We've designed three (3) custom subscriptions to meet the needs of any Company or Department. Subscribers can save up to 30% on a subscription and the packages each offer their own set of advantages.

Contact us to discuss your options or secure your subscription today.
